WHAT I DO…(most of the time)

09/05/16

- Develop, implement, and maintain restricted officer accession and promotion plans.
  - How many new WOs/LDOs do we need in each grade and MOS to fill requirements?
- Provide policy analysis on restricted officer matters.
  - What happens if a WO cannot complete the WOBC?
- Recommend changes to applicable directives that will enhance the restricted officer process.
  - The Restricted Officer Program Manual is currently in staffing.

LDOs?

- Community must:
  - ✓ Conduct MOS assessment and demonstrate capabilities lost by not having LDO structure.
    - **Do we require expertise, with systems or equipment, that is beyond the duties of a warrant officer or senior unrestricted officer?**
  - ✓ Address the compensation issue.
    - **"Growth" of LDOs requires equal "loss" from somewhere. Why is the requested capability**
